Stone Bride Reaches #1 on the Amazon Best Seller List

For a brief, shining moment, D.P. Benjamin's epic fantasy *Stone Bride* held the top spot in Amazon's Best Seller List--then the novel slipped to number two and held that lofty position for four days. This meteoric rise was fueled by more than 2,000 readers who downloaded e-book editions during a 5-day free giveaway event. Ordinarily the newest edition of *Stone Bride* is free for patrons who pay a fee to participate in Kindle Unlimited. All others were obliged to pay the retail cost of \$3.99 or an equivalent price in their country's currency.

Which is why offering the e-book for free was such a big deal to readers worldwide. During the first dizzying day (January 29), no fewer than 1,603 readers downloaded *Stone Bride*. On day two, another 341 joined the party. The returns for the final day in January are still being tabulated.

The good news is **the free offer still stands for February 1 and 2***. So, don't miss this opportunity! Here's a link to the free e-book: <https://www.amazon.com/dp/B0BSSWBLWQ>

***UPDATE—If you missed the dates of this free offer, email us at elevationpressbooks@gmail.com and we'll figure out a way to send you a free e-book edition.**
